2. How do you foresee yourself continuing to participate and/or work among Native Americans when you are a student at CRMS? What are your plans for school or work after graduating from CRMS and how will that benefit yourself and Native Americans?
3. CRMS offers a diverse selection of sports and activities that are not traditionally part of the public high school experience, for example, we do not offer a competitive high school basketball team. After reviewing what CRMS offers, what sports and or activities appeal to you and why?
